

ALBERTA

TRANSPORTATION AND ECONOMIC CORRIDORS

*Office of the Minister
MLA, Innisfail-Sylvan Lake*

Message from the Minister of Transportation and Economic Corridors
Official Opening of Kiyam Community Park

Congratulations on the official opening of Kiyam Community Park.

I would like to congratulate the Regional Municipality of Wood Buffalo on the completion of this tremendous and inclusive new community park.

Alberta's government is pleased to support projects like this one that, not only contribute to the well-being of Albertans, but also strengthen Alberta communities and boost local economies.

I understand that area residents have been eagerly anticipating the completion of this important project, and are looking forward to enjoying all of the amenities it will offer, including serving as a hub for active transportation activities such as cycling and ice skating.

This project will help revitalize the downtown area and provide a much-needed space for community events and activities, including the upcoming Artic Winter Games.

I would like to wish Wood Buffalo all the best as host of these games, and again offer my sincere congratulations on the opening of this dynamic, multi-use park.

Honourable Devin Dreeshen, ECA
Minister of Transportation and Economic Corridors
